INTRODUCTION to the Numbers

THERE's that episode of 'The Brady Bunch' where Jan attempts to convince everyone that she has a boyfriend named George Glass and that he's anything other than a figment of her imagination, but Marcia isn't buying it. Well, some people have been thinking the same thing with **Jason123**. That I've simply invented him and that he's another side of me rather than an informant. It's not true though. I assure you that he is real and that we're in on exposing these psyops together.

As you may have guessed, Jason123 is a numbers guy. What he especially excels at is understanding how the flat, motionless plane *spins* with **Gematria**, which just so happens to be the topic of this paper. Not surprising then, the **123** in his name adds up to **conspiracy**. Gematria finds its modern origins in **kabbalah**, you know. Speaking of which, there simply isn't the right word to describe the sick, sadistic, sociopathic, and Satanic Elite running our world. Mind you, they are the ones who employ gematria for their own practices. And one thing which gematria proves is that theirs is a ceremony by the numbers.

The point of nearly every paper I write is to demonstrate how the world is a stage and that everybody in the official narrative is an actor reading from one Intel script or another. Our Media Controllers keep me on my toes, for sure. As a writer and someone who doesn't believe a lick of what they're feeding us, I can't even begin to keep up with their madness. Most psyops get passed right over. But I plan to change what I can of that, if possible. It's why I'm hoping to relay the numbers which Jason123 feeds me from his end of the Intel-net to my own. What that means is, this paper will grow some and then perhaps continue to grow as the pomp and circumstance of these numeric ceremonies trudge on.

A mass shooting was reported in the News on **April 5, 2022**, within blocks of the Sacramento Capitol building, and sometime later that afternoon Jason123 presented me with a numbers test. The incident reported **6 dead and 12 hurt**. It happened at **2:01 a.m.** I'll ask you the same question he asked me. What number sticks out to you from what has just been shown? If your answer is 201, it was mine too. **201** is a big one.

Consider. **Pope Francis** was born **Jorge Mario Bergoglio**, equating to **201**. He is the first pope to live at **Suite 201** at the **Vatican**, known as the *Domus Sanctae Marthae*, which also equates to **201**. The same goes for **Ignatius of Loyola**, the founder of **The Jesuit Order**, a name likewise equating to **201**. Over 200 years after their founding, in 1773, **Pope Clement XIV** suppressed the Jesuit Order, and to the point that they only survived because **Catherine the Great** protected exactly **201** Jesuits. *Ridiculous.* Hopefully, you can recognize a psyop or a hoax when you read it, and this is one of them. **Adam Weishaupt** was a **Jesuit**, but more

importantly, he is accredited for creating the **Bavarian Illuminati**, later changing its name to **Order of the Illuminati**, which summons the **201** number. Weishaupt died on 11. 30. 1830, **201 days** after the 54-year anniversary of the Bavarian Illuminati establishment.

Neil Armstrong and **Buzz Aldrin** took their first steps on the moon on 7/20/1**969**, which happened to be the **201st day** of the year. But then we have **Event 201**. That's the big one; the **COVID-19** pandemic exercise which went down on 10.18.**2019** and look where that landed us. They weren't even hiding it with that one. Our Slave Masters like to leave their signatures behind. That's Gematria for you.

With that, let's *begin*.

Joe Biden: A Walking Numbers Ritual

MY INITIAL concern with a title like “Joe Biden: Puppet President” is that the reader might assume he’s the only puppet president, or that I’m insinuating as much, when in fact the total opposite is true. They’re all puppets. Trump was also a puppet, just as assuredly as Obama and the Clinton’s and the Bush’s were puppets. They’re all working for someone, and it’s not the American people. The defining difference is that most of us are just now waking up to that fact and it’s as clear as our hand in front of our face, but it wasn’t always so. I’ll speak for myself when saying I woke up during the Obama administration, and so, I saw Trump coming from a mile away.

It’s one thing for me to *tell you* Biden is a puppet president and quite another to show evidence for my allegation. That’s a tall order, but I aim to do it—little by little. What I’m saying is, I expect this to be a growing document. We will start out with several short pages and then, over the

coming weeks and months, watch this puppy grow. A request was sent out among my readership for any information on Creepy Joe's string attachments and they were on top of it. Within hours, my mailbox was overflowing with incoming evidence, and I thought to myself: "What in the flat and motionless plane have I gotten myself into?"

Really though, it's so painfully obvious that people cannot see it. Creepy Joe *is* a puppet. But not only Joe; he is yet another puppet in a long line of Pinocchio actors. Convincing everyone of that fact however is not my job. I'm just here to present a case.

My first course of action, when rising out of bed this morning, was a reconnaissance mission in the Intel-net, scrounging for any evidence that others had come to similar conclusions. The return fire was only marginally impressive—if that. Yes, it's painfully obvious. Joe Biden is perceived by many as a puppet, but only within their programmed political paradigm. Patriotism is a gripe. People still believe the right hand of politics matters, and what needs to be done is a vote by the silent majority,

and that the left is a force which needs reckoned with, or that their vote is being stolen from them, when in fact the left and the right are both wings from the same bird. All we are ever given is the illusion of choice. The truth is, they're all actors. Every one of them.

Readers ask me all the time how we're supposed to combat a Cabal of evil if not choosing a side. Firstly, get off the stage if you find yourself on one, because that's only a platform for actors. And secondly, stop sitting in the audience. Why would you? Just get up and walk out of the theater. It's difficult indeed playing an actor if nobody is around to witness the performance witchcraft. That's the only way to make the Satanic Elite powerless, you know, to altogether stop playing their game. But that right there *is* the tall order. Proving to everyone that the world is a stage is the easy part. Getting people to flee Babylon, *well...* the road is narrow, isn't it?

Someone will accuse me of being a diddle-daddle. Let's hop straight to it then. The following report derives from my research partner, **Jason123**. What is obvious is that **Joe Biden is a walking numbers ritual**. Mind you, he is not the one coming up with the numbers. A higher power is. All he can do is listen to the voice in his earpiece and try not to trip while walking up the staircase on Air Force One, which happens from time to time.

The numbers ceremony goes way back in the life of Joe Biden. They probably begin with his father, **Joseph Biden Sr.** The Wikipedia has an entire article on the [Biden family](#). They're Irish immigrants. We are immediately told how they are "prominent in law, education, activism and politics." Well, I have my suspicions of Pappa Joe. You shall see *why* soon hereafter.

In 1972, Biden defeated Republican incumbent [J. Caleb Boggs](#) to become the junior U.S. senator from Delaware. He was the only Democrat willing to challenge Boggs.^[38] With minimal campaign funds, he was given no chance of winning.^[13] Family members managed and staffed the campaign, which relied on meeting voters face-to-face and hand-distributing position papers,^[53] an approach made feasible by Delaware's small size.^[40] He received help from the AFL-CIO and Democratic pollster [Patrick Caddell](#).^[38]

1972 is the year when Biden defeated Republican incumbent **J. Caleb Boggs** to become the junior **U.S. senator from Delaware**. The Wiki tells us he was the only Democrat willing to challenge Boggs, that he did so with minimal campaign funds, and to the point that he was given no chance of a win. *Seriously*, The Boys clapping away at the typewriter are still putting all their chips down on the prospect that you won't be able to tell the difference between a fabricated reality and the authentic, the latter of which the official narrative holds little to none. In the end, his win came down to a campaign managed by **family members** and Delaware's small

size. Really? I thought Biden was given no chance of winning. You can't very well claim he has zero chance of the prize if Delaware is small enough that a family of Irish immigrants can pull it off. The claim to impossibility *is* the illusion intended to further inseminate the American dream into your cognition when in fact he was already selected, telling us that family very much had a part to play in his ascendancy.

Death of wife and daughter

On December 18, 1972, a few weeks after the election, Biden's wife Neilia and one-year-old daughter Naomi were killed in an automobile accident while Christmas shopping in [Hockessin, Delaware](#).^{[26][55]} Neilia's station wagon was hit by a [semi-trailer truck](#) as she pulled out from an intersection. Their sons Beau (aged 3) and Hunter (aged 2) survived the accident and were taken to the hospital in fair condition,

Immediately after achieving the impossible, Biden's first wife **Neilia Hunter Biden** and their one-year-old daughter Naomi were killed in a car wreck while in route to pick out a Christmas tree. The date was December 18, 1972. Biden hadn't even been sworn in as senator yet. Either Neilia Biden's death was a hoax, and she was carted off in the gurney to Fantasy Island, or another Satanic sacrifice is at play. Either way, I figure Joe Biden's Controllers were testing the swath of his willingness to play the part of a puppet without caving but also his limitations.

Word or Phrase	English Ordinal	Full Reduction	Reverse Ordinal
Car Crash	71	35	145
Catholic	71	35	145

Look at how **car crash** and **Catholic** match up. You will tell me that's just a coincidence and that not every fatal car crash is to be associated with the Catholic church. Perhaps so. I just threw that one in for fun. But then look at what we are not given. The Wiki tells us the automobile accident happened in Hockessin, Delaware, without giving away the *exact* location. Look it up for yourself. It happened on **Limestone Road**, which equals **201**.

201 is a big number, you know. Pope Francis was born **Jorge Mario Bergoglio**, equating to **201**. He is the first pope to live at **Suite 201** at the **Vatican**, known as the *Domus Sanctae Marthae*, which also equates to **201**. The same goes for **Ignatius of Loyola**, the founder of **The Jesuit Order**, a name likewise equating to **201**. Over 200 years after their founding, in 1773, **Pope Clement XIV** suppressed the Jesuit Order, and to the point that they only survived because **Catherine the Great** protected exactly **201** Jesuits. *Ridiculous*. Hopefully, you can recognize a psyop or a hoax when you read it, and this is one of them. **Adam Weishaupt** was a **Jesuit**, but more importantly, he is accredited for creating the **Bavarian Illuminati**, later changing its name to **Order of the Illuminati**, which summons the **201** number. Weishaupt died on 11. 30. 1830, **201 days** after the 54-year anniversary of the Bavarian Illuminati establishment.

Neil Armstrong and **Buzz Aldrin** took their first steps on the moon on 07. 20. 1969, which happened to be the **201st day** of the year. But then we have **Event 201**. That's the big one; the **COVID-19** pandemic exercise which went down on 10. 18. **2019** and look where that landed us. They weren't even hiding it with that one. The Jesuits were leaving their signature behind, which is what I'm trying to tell you about Neilia Hunter Biden's fatal car crash. It was a Jesuit operation.

the vote.^[53] At the time of his election, he was still 29 years old, but reached the constitutionally required age of 30 before he was sworn in as Senator.^[54]

Biden reached the constitutionally required age of 30 after the election but before he was sworn in as Senator. So, he was 29 then. Interesting, since the age of 30 is a requirement for a U.S. Senator and yet **Senator equals 29**. That's obviously another important number for Joe Biden, as his wife died **29 days** after his birthday in 1972, the year he became Senator elect.

But then there are other items of gematria to consider. 59, 46, 82, and 79. Best to sit down so that your head doesn't spin. Joe Biden's father, **Joseph Biden Sr.**, died on September 2, 2002, which can be read as 2/9 or **29**. There's that number again. But then notice how Biden was **59** years-old when his father died, reminding us that he would later win the **59th U.S. Presidential Election** against **President Donald Trump**. That election came **46** weeks after the **83rd** birthday of **Pope Francis**. **Catholic equals 46**, and Biden is after all a Catholic. **Pope Francis equals 59** and **Election equals 83**. There's still more. His father's death in 2002 came **79** days before Joe's birthday. Well, **Society of Jesus equals 79**, as does **Murder**. And then we see how Biden became President in 2020, his **79th** year of life. As you can see, the numbers all work together.

Word or Phrase	English Ordinal	Reverse Full Reduction
Joseph Biden Sr.	144	72
Jesuit Order	144	72

Joseph Biden Sr. is the person I told you to look out for. His name equals 144, just as Jesuit Order equals 144.

Word or Phrase	English Ordinal	Full Reduction
President Biden	144	72

But then so does President Biden. 144.

He was born in Scranton, Pennsylvania. Well, Scranton equals 112 just like Catholicism equals 112, and the Jesuits are listed as serving in 112 countries. A little later on down the road he attended a Roman Catholic High School called Archmere Academy, equaling 84, just like United States of America, Jesuit, and The Catholic Church equals 84.

Before his tenure as president, Joe Biden was the 47th Vice President under Barack Obama. That's a big number, you know. 47 equals Vatican, DC, Government, President, White House, Democrat, and Republican. And so, I was onto something when earlier stating the left and the right are two wings of the same bird. Choose your side. They may take turns embodying the Government and living within the White House, but they serve top brass, which is the Vatican. Remember Trump saying about Biden, "I have done more in 47 months than you have done in 47 years"? It was a coded message. Trump was reading off a script, as usual. They all do. He was only in office 45 months at the time.

At **78** years of age, Joe Biden was the oldest president ever sworn in. He was also 61 days old, but let's not get distracted. 78 is another big number, *equaling* **Jesuit** and **Scottish Rite**. Even when he was sworn in, Joe Biden used the Douay-Rheims Bible. **Douay-Rheims Bible** *equals* **78**. Biden may be the second Roman Catholic president, but it is not by accident that **John F. Kennedy**, the first Roman Catholic president, claims the same number. **Kennedy** *equals* **78**.

Another important number is **58**, *equaling* **Secret Society**, **Freemasonry**, and **Rosicrucian**. On **04. 14. 2020** **Barack Obama**, the 44th president

of the United States, endorsed Joe Biden for the next president. Do the math. $4+14+20+20=58$. As you can plainly see, Obama endorsed Biden strictly by the numbers in ritual fashion. And Joe Biden was taking on the winner of the **58th presidential election**, Donald Trump.

A couple more numbers before taking a rest for the day. **322** equals **Skull and Bones**. Let us not forget that Uncle Joe was jabbed at exactly **3:22 pm** on live Television. Not a coincidence. And last but certainly not least, **President Joe Biden** equals **174** in the purest cipher. Well, **Number of the Beast** adds up to **174** in the same cipher. *Go figure.*

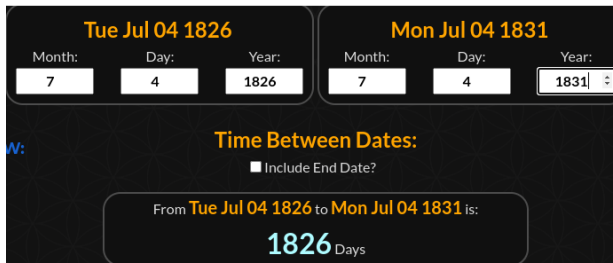

Who Will Be the 47th U.S. President?

I haven't the faintest clue who the 47th President of the United States will be and last I checked it's *still* **2022**, but the number is an important one. My aim here is to show you *why*. But first a history lesson. The U.S. has exhibited some noticeably strange behavior when it comes to the number rituals. Let's start with the number 44 and see where it leads us, shall we? **44 equals kill** and **kill** also *equals* **64**. The numbers when they come up in numerology are known as the 44/64 kill date. Far too many famous people have "died" on these dates to name here. Important to today's lecture are Commanders-in-Chief of the past.

John Adams, **Thomas Jefferson**, and **James Monroe** were the **2nd**, **3rd**, and **5th** presidents, numerically. Notice the 2, 3, and 5. The degrees of the tropics on a **globe** earth are **23.5 degrees** as well as the compass on the **freemason** logo. And when you calculate the total distance

between the legs of the compasses you get **47 degrees**. **47 equals** **president**, **government**, and **authority**.

All three presidents died on **July 4th** which can be written internationally as **4/7** instead of **7/4**. Is that a coincidence? **47 equals** killing but then **74** also equals **killing**, **Masonic**, and **Holiday**, and they just so happened to die on an American holiday of all days. Even the words **Independence Day equal 74**. Thomas Jefferson and John Adams both died on **7/4/1826** and then James Monroe died **7/4/1831**, exactly **1826 days** later. And so, back to the **44 equals kill** number. **18+26=44**.

And so, I will ask again. *Who* will be the 47th U.S. President?

The Alec Baldwin Movie Set Shooting *Was* a Bruce and Brandon Lee Tribute

9/5/2022

SOMETIMES a story is filmed within another story. There is a name for that. An **embedded narrative** is a literary device in which a character within a story becomes the narrator of a second story within the first. In the case that you should desire an example, I am about to give you one. On the set of the ‘Rust’ movie, the first assistant director yelled: “Action!” A gun was raised, presumably in **actor** Alec Baldwin’s hand. And then, quite suddenly, a shot rang out. The story *within* the story is far from over, as of this writing, but here is the gist of its beginnings. Ukrainian cinematographer **Halyna Hutchins** fell over dead. Try not to forget the part where it happened on a movie set.

We are told the prop gun, an antique Colt .45 revolver, is responsible for the killing, and that a single discharge also shot director **Joel Souza**.

Baldwin has since questioned how a live bullet could end up in a prop gun when a bullet wasn't even supposed to be on the property. Was Hutchins murdered or are we dealing with another elaborate hoax? Either way, the reality here is that we are banqueted with another ceremony by the numbers. There are others who have dug into this, and as always, I have Jason123 relaying much of the information, and so, here is what I can tell you. It appears from what everyone has gathered that the Rust movie set shooting has a lot to do with **Bruce Lee** and **Brandon Lee**. Consider it a tribute to them.

Word or Phrase	English Ordinal	Full Reduction
Order of Illuminati	201	93

So anyways, here it goes. The incident happened on **October 21, 2021**. **201 days** after Alec Baldwin's **birthday**. **201** is a familiar number around these parts and equals **Jesuit Order**, as well as **Order of Illuminati**. Bruce Lee's last film was 'Game of Death', wherein he was shot and killed as part of the plot, and it happened with a prop gun. He died for real on **July 20, 1973**, the **201st day** of the year. I have told you about this date before. It was the occasion of the Apollo 11 moon landing.

Simple English Gematria (Ordinal Gematria)	78 / 6
Rust	78 / 6

The movie **'Rust'** equals **78**. Well, so does **Jesuit**. And so, check this out. Brandon Lee was actually killed on the set of *The Crow* when a prop pistol fired a bullet into the abdomen. The date of the shooting was **March 31, 1993**. The person who discharged the weapon was **Micheal Groo Masse**, and his name adds up to **78**.

"Harland Rust" = **71** (Reverse Full Reduction)

1	8	6	2	4	8		1	6	7	6	1	9	4	8		

'Rust' of course is a nod to Alec Baldwin's character, Harland Rust. **Harland Rust** equals **71**, as does **Halyna Hutchins**. Go figure. Baldwin's "accident" happened on the date leaving **71** days in the year, but then the connections don't end there. **Bruce Lee** equals **71**. And do you know what else equals **71**? **Catholic**. They're a grand slam match, 4 out of 4 ciphers. Bruce Lee was Catholic. As it turns out, Alec Baldwin is *also* Catholic.

And finally, Brandon Lee was buried on **April 3, 1993**. That's the **93rd day** of the year. You might want to check who was born on the very day. If not, that's okay. I will do it for you. April 3 is Alec Baldwin's birthday.

Will Smith and Chris Rock: The *Slap* Heard Around the World

3/28/2022

I DON'T even have time for this today. I'm getting ready to head out the door in less than an hour. The Mrs. and me are making the move to Missouri to have our baby and won't be back this way again for another several months. Regardless, the realm we inhabit may be a motionless plane, but that's not how the Media works. It just keeps on spinning. Working out those Einsteinian equations; relativity and all that—and spinning. And so, this is what every one of us woke up to. **Chris Rock** getting slapped by **Will Smith**.

It happened at the Oscars of all places. Chris Rock made a G.I. Jane joke about **Jada Pinkett Smith** and within moments Silly Willy was up there getting jiggy with it—an obvious publicity stunt. How was that not staged?

It was totally staged. All we've been hearing about for the last couple of weeks is Ukraine *this*, Putin *that*, and how nobody watches the Oscars anymore and that an Elite award show for millionaires should be put out of their misery. Seems like nearly every celebrity is being rolled out now to tweet about it, which isn't surprising. How many do you suspect are in on it? Everyone sitting in the audience was likely a spook.

The Gematria decoders are having a field day with this one. I've got **Jason123** in my corner, passing me information. Ask any of them and it's *so* obvious. This was after all the **94th Oscars** and **slapping=94**.

Fun fact. Chris Rock was born on Sunday, February 7, 1965, whereas Will Smith was born on Wednesday, September 25, 1968, precisely 3 years and 33 weeks apart. And then there's the matter of Will Smith + Chris Rock adding up to 333. It rhymes like poetry. You know what this means, don't you? Hollywood is pimping out the blacks on the plantation again. Got to keep the slaves entertained in the barracoon.

The verdict is in and it's an obvious hoax. Look at Chris Rock's posture. Eye contact, *check*. Neck tuck, *check*. He's literally leaning in, bracing for contact, and making no attempt to block. The worst part is Will Smith's playful smack. Good stunt work is all in the angling of the camera, I suppose.

Just so we're clear, I didn't make any of these slides. Somebody else did. That tells me that other people have woken up to the typewriter script. That I'm not the only one who recognizes the world is a stage. It literally happened on a **stage**, people. Do I have to keep spelling this out? Also, by **actors**. How could this be any less poetic? Get ready for the ISS movie everyone. Because Tom Cruise is going up to space. Tom Cruise performs his own stunts. Tom Cruise never phones it in.

[03.29.2022: I didn't realize Will Smith had a previous slapping incident. The first incident happened alongside the red carpet, and the reporter was deemed disrespectful. He has become quite the serial slapper. Awards presenters and red-carpet reporters will have reason for concern from now on, whenever the Fresh Prince pulls up from the b-ball court.

The screenshot shows a date difference calculator with the following details:

- Start Date:** Fri May 18 2012 (Month: 5, Day: 18, Year: 2012)
- End Date:** Sun Mar 27 2022 (Month: 3, Day: 27, Year: 2022)
- Time Between Dates:** 3600 Days
- Total in Each:** 9 Years, 313 Days; 118 Months, 9 Days; 514 Weeks, 2 Days; 3600 Days
- Legend:**
 - Year
 - Month
 - Week
 - Day

The gematria decoders are having just as much fun with this one, seeing as how they've finally found out about it. It happened on 5.18.2012. And wouldn't you know, exactly 3600 days until Will's second slapping incident. That's all too convenient, seeing as how 666 is the 36th triangular number. 36 also equals IHS. When can we expect Will Smith to rampage again? His slaps are calculated enough as to designate psychopathy. Will Smith will bide his time for certain. He will do his own gematria decoding and then count the numbers on the clock. And just when everybody suspects him of being reformed, someone will stand up on stage and make a bad joke.]

[03.30.2022: The slap heard around the world wasn't simply a hoax. No, it was a commercial. In past years, the Oscars may have promoted Kibbles 'n Bits or Nico Time Cigarettes, for all I know, but 2022 was undoubtedly a commercial for alopecia. Just so we're clear, alopecia is the condition which Jada Pinkett Smith has gone public with. Loss of hair and baldness. It's the joke which landed Chris Rock in the hot seat. The results are probably Vaccine related, but that's such a sidenote to the fact that the 2022 Oscars were sponsored by Pfizer and their COVID-19 VAX partner BioNTech. No, that is not a joke. The G.I. Jane quip was a joke, but not the part about pharmakeia sponsoring the event.

Surprise—*surprise*, Pfizer has a new alopecia medication coming out, taking us right back to the VAX damage again. Offer them the poison and then the solution. Rinse and repeat. Are you really surprised though? I'm not. It is expected to launch later this year. The Media is already jumping through fiery hoops and barking like a seal hoping to explain it away and convince you there is no evidence that the pharmaceutical sponsors would tamper with the script. *Right*. Only the obstinate will refuse to see the Truth at this point.

We all know how Bill Gates feels about blacks in Africa, which is to say, he poisons them. And *now*, with Will Smith and Chris Rock, we know how Pfizer feels about blacks in America, as if we didn't already. They pimp

them out for enjoyment in the barracoon. It makes me wonder how many black slaves in Illuminati history realized they were slaves until somebody came along and told them they were free to walk down the road and just keep right on walking. Considering how nearly everyone today hasn't the faintest clue that they *still* live on a Plantation, I'm guessing very few.

[04.04.2002: As you well know by now, Will Smith went on to win the award for Best Actor later that night. There have been longwinded discussions on whether Smith should be stripped of his Oscar, but seeing as how he has nearly everyone fooled, my nickel of advice is that he should keep it. Between the slap and Smith's sappy tear-filled love speech to follow, that was quite the performance. He was of course the fifth black actor in history to receive one. The first black actor however was **Sidney Poitier**. I've included a picture of him "receiving it." *Mm-hmm*, just as I suspected. Throwing up his allegiances. Poitier died on January 6, 2022, at the age of **94**, the very year of the **94th Oscars**.

NYC SUBWAY SHOOTING
POSSIBLE EXPLOSION
'UNDETONATED DEVICES'
SUSPECT IN GAS MASK
DRUDGE REPORT

The New York City Subway Attack

THE ATTACK in a New York City subway has all the markings of yet another active shooter drill. It is perhaps more on par with the hyper-reality filmmaking which we already witnessed with the Boston bombing, complete with what appears to be a smoke bomb, but a staged event non the less. It happened on 4/12/2022. Well, look what **4+12+22** adds up to. **38 equals murder**. If you commit to a search for the **Sandra Bullock** movie, **Murder by Numbers**, **38** is even in the title. The date of the attack serves two purposes though. Also **4+12+20+22 equals 58**. That number comes up often, as **Secret Society**, **Freemasonry**, and **Rosicrucian** adds up to the same thing. Oh, and one last thing about the date. April 12 is the **102nd day** of the year. **102 equals Art of War** and **World War**.

The *story* goes something as follows. Commuters were riding the subway as it neared the **36th Street** subway station in Brooklyn's Sunset Park just

before 8:30 in the morning, when the gunman opened two smoke grenades. But then look how many rounds he got off [according to CNN](#). He fired at least **33 times** with a 9 mm Glock handgun, striking 10 people.

The person of interest this time around is 62-year-old **Frank R. James**. I wouldn't be in the least surprised if they have targeted another Muslim for their patsy, but then notice how they wedge his middle initial in there. It's too obvious. **Frank R. James** and **Shooting** add up the same thing. **44**.

Another interesting note is that the comedian **Gilbert Gottfried** died on the same day. **Comedian** equals **44**, but then so does **Gilbert Gottfried**. He and **Frank R James** and, as previously noted, **Shooting**, all equal **44**. The similarities however don't end there. Gottfried was born in Brooklyn, where the shooting occurred. He was also 5 foot 5, just like the description of the person of interest in the Subway shooting. And one last thing, Gilbert Gottfried died **44 days** after his birthday.

As already mentioned, the event went down on **36th street** on the **102nd day** of the year. Look at the match. **Thirty Sixth Street** lines up. There is another 102 worth noting. Initially, they told us the shooter was wearing an **orange construction vest**. **Orange** equals **102**. Now they are telling us he wore a green vest. That is quite the switcheroo, where witnesses are concerned. But then the picture they released of him for the Media involves an **orange** shirt.

Orange is a 4-for-4 match with **police**. Check out the numbers. Again, I know the Media decided to go with green rather than orange, but it is what the first reports offered us, and that's saying something.

The suspects' van was rented on Monday, April 11, from a U-Haul store in Philadelphia. Apparently, CNN is helping to lead this investigation (sigh), because the rental agreement obtained by the Cable News Network shows the U-Haul reservation was made on the previous Wednesday, and that it was scheduled to be picked up on Monday at **2:01 p.m.** *Ridiculous.* They simply cannot help themselves, can they? You will have to skip back to the introduction to appreciate the importance of the **201** number. But

here is one more which I sadly overlooked. **Timothy McVeigh** equals **201**. Better late than never.

And lastly, I'll leave you with this for the day. The MTA claims they have 10,000 cameras in 472 subway stations and that they were all operational except for those 3. *Figures*. We have before us another live shooting drill intended to be passed off as the real thing.

[**UPDATE**]: 04.13.2022: And now we come to learn that New York mayor **Eric Adams** found his man. The associated press has Adams telling the people of his city: “Less than **30 hours later**, we’re able to say, ‘We got him.’” Why did Mayor Adams emphasis the number **30**?

Genetically Engineered Mosquitoes

A BRITISH biotech company called **Oxitec** plans on releasing genetically engineered mosquitoes into California. Sounds like a swell idea. [Read the story](#) for yourself. The claim is that their product “could” help save half of the world’s population from the invasive *Aedes aegypti* mosquito, which apparently spreads such diseases as yellow fever, chikungunya, and dengue to humans. The female offspring produced by these modified insects are expected to die, according to Oxitec’s genius plan, causing the population to collapse. Nothing to see here and there’s zero chance of anything going wrong, folks.

The News story broke on **04.08.2022**. Well, **4+8+20+22 equals 54**. **Mosquitoes** also equal **54**, and do you know what else equals **54**? The species **Aedes aegypti** does. Let’s not forget the obvious though. **Jesuit Order** equals **54**.

If you go to the company’s [website](#), they will direct you to their trademarked product, the **Friendly mosquito**, a technology which has already received U.S. EPA approval for pilot projects in U.S. **Friendly mosquito** equals **222** just like **order out of chaos** equals **222**. And another **222** that we have all become familiar with is **Wuhan Coronavirus**.

It's all mockery. **Oxitec** equals **86**. But then again, so does **blood sacrifice**. **86**.

Elon Musk: The Purchase of Twitter was Rigged

A COUPLE of weeks ago **Elon Musk** made an unsolicited bid to purchase Twitter for an insane amount of money. **\$43 Billion**. And then in the first line of the announcement we read how the world's richest person will offer **\$54.20** per share in cash, which furthermore represents a **54%** premium over the January 28 closing price.

Well, *well*, well, what have we here? **Freemasons** adds up to **43**, whereas **54** is a **Jesuit Order** thing. **54** *also* adds up to **Free Speech** which, if I'm not mistaken, is the entire point of Musk wanting to purchase Twitter and make it private. It must have been International Freemason Day or whatever when the announcement initially landed on April 15th, 2022. Bet you didn't know that was a thing. I didn't either until it happened. But then follow what happens next.

News of his purchase landed on the 25th of April, which just so happens to be the **115**th day of the year. Yep, not a coincidence. **Twitter** equals **115**. It's all rigged. The Day Kamala Harris Tested Positive for Covid

SEEMS Vice Prez **Kamala Harris** has decided to skip class by using the oldest trick in the book, waving around a PCR test. If you need this spelled out for you, Kamala has Covid-19. Can't claim she's playing hooky then, since she technically has an excuse. But also, it's all by the numbers again. Before anyone tells me, the kabbalah people would never waste numerical linguistics on a sick day, try to at least entertain me for the moment by appreciating the ritual aspects of the Covid psychodrama.

The report was filed on 4/26/2022. The day she came down with Covid, that is. Don't believe me then [see for yourself](#). A few fun facts about Kamala first is that she was born on **10/20/1964**, making her **57 years old** as of her quarantine. **57 equals Scottish Rite** and **Georgetown**. The

thing about the sick date is that 4/26/22 can be written $4+26+22$, equaling 52. Pope, The Cabal, and Devil all add up to the same number, 52. Which reminds me, her middle name looks awfully similar to Devil. Devi is the

The day she came down with Covid happens to be 6 months and 6 days since her last birthday. There's your 66. Those 6 months and 6 days involve a total of 188 days. Bavarian Illuminati equals 188. Another way to measure the same time period between Covid and her birthday are the 26 weeks and 6 days between, giving us the number 266. Jesus Hominum Salvator equals 266, the official Christogram of the Franciscan Order, and before I forget, Pope Francis is the 266th pope in the history of the church, or so they claim. Another thing which 266 equals is "to the greater glory of God." The Jesuits are all over this little numbers game, aren't they?

What's fascinating about that phrase is, firstly, that it describes the obvious worship behind the Covid ceremony, which has intended to mold everyone into the shape of the beast, but then secondly, it comes up in two separate cyphers. 4/26/2022 is the 116th day of the year. 116 equals the Latin phrase, Ad maiorem Dei gloriam, or "to the greater glory of God"

in English, as we've already seen. By the way, that's the *third* thing. It's the motto for the **Society of Jesus**. **116** also adds up to **African American**.

The image shows a date calculator interface. At the top, it displays two dates: "Tue Apr 26 2022" and "Thu Oct 20 2022". Below each date, there are input fields for "Month:", "Day:", and "Year:". For the first date, the values are 4, 26, and 2022. For the second date, the values are 10, 20, and 2022. A link "Add/Subtract" is visible between the two date sets. The main calculation area shows "Time Between Dates:" with a checkbox "Include End Date?" which is unchecked. Below this, it says "From Tue Apr 26 2022 to Thu Oct 20 2022 is:" followed by "177 Days". On the left, there are radio buttons for "Year", "Month", "Week", and "Day", with "Day" selected. On the right, under "Total in Each", it lists: "0 Years, 177 Days", "5 Months, 24 Days", "25 Weeks, 2 Days", and "177 Days".

I haven't gotten to Kamala's *next* birthday yet. It is 177 days away. **177** equals **The Jesuit Order** and **New World Order**, which again, sums up this Covid psyop nicely. I've gone over the fact many times before that germ theory is a hoax. No, you do not get sick from somebody going *a-choo*. A virus is a dead thing and therefore cannot invade your body like a Trojan horse, thereby replicating within you. Don't be ridiculous. But even if you choose to go with the Science, tell me again how the numbers people planned all of this out. The day when Kamal Harris got Covid.

Roe V. Wade Overturned: A Swing of the Pendulum in the Ceremony Numbers Game

WOWZA. Can anybody claim they saw this one coming? The fact that the **Roe V. Wade** era met its end in left field without even managing to be a blip on the radar tells me this may prove to be the biggest and most alarming story of the year. Look, I'm thrilled at any notion that one less baby will be murdered for Moloch, but I definitely detect the birth of a new plan gestating. Chucking Roe V. Wade to the curb was in all likelihood an announcement from the Cabal that the pendulum would be swinging from the left hand of magic to the right side of things, all by design.

122. That's the sponsored number in all of this. **122** equals **abortion**. But then notice when the story was leaked. **5/2/2022**. The Media wanted us

to know about it before the judges could climb into their stealth bombers. It's no coincidence that May 2 was the **122nd** day of the year.

Roe v. Wade was decided on **January 22, 1973**, giving us another **1/22 date**. **Pope Francis** equals **122**, so we have right here a connection to the abortion decision. As already mentioned, **abortion** equals **122**, but then so does **Satanic**, **San Francisco**, **Jesus Hominum Salvator**, and **Washington**. Satan and Washington go hand in hand. You might be wondering then why I brought San Francisco into this. The Church of Satan was established in San Francisco on the **122nd Meridian West**.

Justice **Samuel Alito** was born on **April 1, 1950**, and he wrote the opinion that overturned **Roe v. Wade**. The News dropped on the **137th day** of his current age and both **Washington D.C.** and **Government** equal **137**.

And then comes the divide and conquer tactics on the following morning, **5/3/2022**. Here is *one* such headline.

In that *same* article we read a headline, a quote from Joe Biden. He says: 'A woman's right to choose is fundamental.' Wrong. Murder is never a fundamental right, but let's go with the program and see what the numbers have to say about it. A woman's right to choose is fundamental equals 144. What else equals 144? President Biden equals 144. You've got to be kidding me. But then so does Jesuit Order.

Norma Leah Nelson McCorvey (September 22, 1947 – February 18, 2017), also known by the pseudonym "**Jane Roe**", was the **plaintiff** in the landmark American legal case *Roe v. I'm telling you right now this whole thing is so rigged it doesn't matter if you cut the red or the blue wire. Babies matter and living souls' matter. But the Roe V. Wade decision on either end of the stick is the equivalent of a grenade, and somebody has pulled the pin. I've already spoken about the abortion number but in 1973 we discover another 122-nugget. Norma

McCorvey, known as Jane Roe, the subject of the Roe v. Wade case, was born on **9/22/1947**. And so, notice, the decision on **January 22, 1973** was made **122-days** after her birthday. A birthday as you should well know is the most **Satanic** and high holy day of the year.

And go figure, Roe is like *row* and Wade like *wade*, both water activities.

It's pretty obvious there is astrology going on here. The cancer sign shows us what looks like a 69. We are told the Apollo 11 moon landing went down in 69, LOL. To their benefit, it occurred in Cancer, and Cancer is ruled by the moon. But also, Supreme Court equals 69.

June 24 2021: South Florida building collapse near Miami - CNN

The Freemasons are all about celebrations it seems, as **June 24, 2021** was another big birthday bash, but in Miami rather than Washington. The time of the collapse reportedly happened at **1:22**. The Roe v Wade decision you will recall happened on January 22, 1973, or **1/22**, precisely **122 days** after Roe's September **22 birthday**. And the memo leak was on May 2, 20**22**, the **122nd day** of the year, **1 month and 22 days** before the overturning. Also, this bears repeating. **Abortion equals 122**. **Satanic equals 122**. Any questions?

The Miami incident revolved around **John McAfee**, another magic bunny rabbit trail entirely. But since we're already there, Miami is a water city and the **305nd**-area code, and Roe v Wade was overturned on **Freemasonry's 305th birthday**.

Order out of chaos.

Closing Ceremonies at the George Guidestones

THIS one took us all by surprise, didn't it? My wife was in pre-labor when the News hit our mailbox. That the Georgia Guidestones was destroyed by a *reported* bomb blast. The date of its destruction was **7/6/2022**, only one day after CERN fired up its engines. My daughter was born on the *following* morning. What a glorious way to enter to world if I do say so myself. Anywho, as you have probably already come to expect, the numbers are all over this one. The first thing to note is the moment in which the blast hit. **4:03:33**. As if that's not suspicious.

The Guidestones have stood for **42 years**, which is nearly as old as I am. I was born on December 28, 1980, for the record. But let's not get hung up on my age. **Explosion**, **Freemason**, and **Jesuit** all *equal* **42**. As mentioned, the bombing ritual happened on **7/6/2002**, emphasis on the 7/6—like **76**. The same date is **George W Bush's 76th** birthday. You will likely recall that Bush is a certified **Skull and Bones** member. **76** again. It's the secret society that identifies with the number **322**. And wouldn't

you know it, the Georgia Guidestones etchings were unveiled on March 22, 1980, or **3/22**. The builders and destroyers have all left their calling card, it seems.

Here are a few more numbers for your consideration. The day of the Guidestones destruction coincided with the **201st** day of **Pope Francis'** birthday. Man, this guy shows up often. **The Jesuit Order**, **Order of Illuminati**, and **Skull and bones** all equal **201**.

We have already seen how **Skull and Bones** equals **76**. Well, so does **Bomb**. It only gets better though. The name of the person who supposedly wrote the Guidestones is a certain **RC Christian** and guess what his name adds up to. But then take a look at the area code his Guidestones are in. **706**.

The numbers just keep on coming. July 6 is the **187th** day of the year in the Gregorian calendar; **178** days remain until the end of the year. **Kabbalah** equals **178**, bringing us right back around to this very numbers game, whereas **Society of Jesus** and **Washington DC** both equal **187**. Simply incredible.

Something else worth mentioning (actually, it would be a crime not to) is that the sun lined up with Sirius on 7/6. The alignment happens every year during the first week of July and would not be missed at the Guidestones. In ancient Egypt, both Isis and Anubis were identified with Sirius. The Mysteries of Isis centered upon the cycles of death and rebirth, whereas the jackal-headed elohiym Anubis was capable of walking the line between the worlds of the living and the dead. Likewise, in ancient Shamanic cultures, Sirius was believed to be a portal where the souls of the dead departed this realm for the next. And again, seeing as how CERN fired up her engines a day earlier, it's hard to convince me that this wasn't a death and resurrection ceremony for the present Great Reset.

The Shinzo Abe – Atomic Bomb Connection

BELIEVE me, I didn't see the connection either. It wasn't that I was even looking for one. I had mentioned to my readers on the very day on which Japan's former Prime Minister was assassinated that there was probably something to it. A hoax to be had perhaps. But then we kind of just left it at that and started poking around into other things like the Georgia Guidestones. This time around the numbers found me. One of the benefits of having a readership is in the diversity of disciplines which can be found in their ranks. In this day and age, when everything is an Intel script, Gematria makes for a good contact. Yes, the Kabbalah people were in on the *supposed* assassination of **Shinzo Abe**, and they were apparently feeling nostalgic at the moment, because the atomic bomb was embedded into their coding.

Before we get to that there are a few other numbers which need punched into the calculator. We have probably already been over this already, but it's always good to have a refresher. Little Boy, the uranium bomb, was dropped over Hiroshima on **August 6, 1945**, which just so happened to be **3** weeks after the Trinity test. Fat Man followed precisely **3** days later, leveling Nagasaki on **August 9, 1945**, making a clean and rather *obvious* **33** number in total. The old calling-card. Here's a couple of more numbers that were probably overlooked last time. The **33° parallel** runs between the cities, Hiroshima & Nagasaki, as if that's not suspicious.

The curiosities only continue with Japan's former Prime Minister. Shinzo Abe was born on **September 21, 1954**, precisely **3333** days after the Hiroshima bombing. I assume you're holding onto something because that's not all. Shinzo was assassinated on **July 8, 2022**, **33 days** before the anniversary of Nagasaki.

Oh, but there's more. For us westerners, Shinzo's assassination technically happened on **July 7**, the very day which saw the resignation of **Boris Johnson** in the UK. The same day happens to be the one-year anniversary

of the assassination of **Jovenel Moise**, Haiti's President. So, lots happening, obviously. July 7 leaves **177** days left in the year. That is interesting, since **The Jesuit Order**, **New World Order**, and **Propaganda** all *equal* same number. **177**. They just love leaving their calling card, don't they?

But getting back to the Japan date. Again, Shinzo was assassinated on **July 8**, which can also be read as **7/8**. **Jesuit equals 78**. Shocking, I know. But then again, so does his assassin, **Tetsuya**. Another assassinated person who adds up to **78** is **Kennedy**, and what is particularly interesting about everyone mentioned, including Moise, is that they were all going up against their assassins, the New World Order, according to the *official* narrative. Another interesting connection between Shinzo and Kennedy is that **Dealey Plaza equals 189** and Shinzo was shot on the **189th day** of the year.

We're far from through yet in case you were wondering. Here's a few more numbers. **Order Out of Chaos equals 75** and Shinzo was killed 75 days before **September 21**, which would have been his birthday. In the *same* cipher we find **New World Order**, **Catholic Church**, and **Order** all equaling **75**.

Even his name fits with the ritual. **Jesuit Order equals 144/54**. Where have we seen that 54 before? It can be found in the year which Shinzo was born. **1954**. 144 reminds us of Abraham Lincoln's assassination on **14/4**. On top of that, **Shinzo Abe** and **President Biden** both *equal* **144**, tying us right back into the Jesuits.

The Day Ivana Trump Died by Ritual

IVANA Trump was pronounced dead precisely **144 days** after her last birthday. On **07. 14. 2022**, specifically. You're probably wondering why I keep harping on birthdays. It probably has something to do with birthdays being the worship of the self and, according to **Anton LaVey**, the most Satanic day of the year. She was **73**, by the way, which is odd when considering that her name also adds up to the same. **Ivana Trump equals 73**. Not a coincidence. Do you know what else **equals 73**? **Sacrifice** does. So, you could say, at 73 years old, Ivana Trump was a sacrifice. 73—73—73. Do you see how that works by now? Pretty soon you will be going about adding these numbers up and exposing the Kabbalah choo-choo on your own.

Days Left in Year: (Jul-14)	170
$(7) + (14)$	21

Simple English Gematria (Ordinal Gematria)	0 / 0

Before I forget about the **144**.... I know a lot of digits get thrown your way, and so, do recall how there were precisely that number of days since her last birthday. It's important to note because **144** equals **Jesuit Order**.

What is by no means a coincidence is **Donald Trump**'s visit with **Pope Francis** at the Vatican on 05.24.2017 which, once again, was the **144th** day of the year. Pope Francis is a Jesuit and Trump was given a very prestigious **Jesuit education** at **Fordham University**. So, I mean, if you're a Jesuit POTUS and going to visit the Jesuit Pope in Rome, what better day to do it on than a day which screams Jesuits? Fact: **Andrew Cuomo** and **Anthony Fauci** have also blessed the world with their **Jesuit education**.

We are now told in the News that the NYC Office of the Chief Medical Examiner has revealed Ivana's death to be accidental. Well, that's reassuring. The 73-year-old was, *quote*, "found dead Thursday afternoon

at the bottom of the staircase of her Manhattan home.” I’m sure nobody pushed her. The Media is running with the Ivana ‘fell down stairs’ narrative, which is just further coding for the same old—same old. See for yourself.

‘Fell down stairs’ equals 177, 201, or 84, however you add it up or reverse the order. And as you can clearly see, all three are given the stamp of approval by **The Jesuit Order**.

The death of Ivana Trump was a ritual.

About That Hoover Dam Explosion

THE PLAN was to take the night off and stare at the fireflies for a couple of hours but there's that Hoover Dam explosion in the News, and you know how these things go. I'll rest when I'm dead. Anywho, you may have heard how Hoover Dam was built with the Occultists in mind and today is **07.19.22**. **7+19+22 equals 48**. And yep, **Explosion** does too. **48**.

There it is if you don't believe me. The Hoover Dam as you well know was named after **Herbert Hoover**. He died on **10.20.64**. **10+20+64 equals**

94. News of this explosion comes 94 days before his death date. Another thing that adds up to 94 is terror.

Also, the original dedication on 9.30.1935, or 9+30+35 equals 74. So, there you have another 74. And that was 86 years ago. 86 equates to human sacrifice. Do you know what else equals 86? Las Vegas does.

How ironic is it that **Herbert Hoover** equals **66** as well? It's not ironic at all is my guess. The numbers are all over this one. I'm willing to bet we could go on and on all night spitting them out. The day-to-day in this world is one long continuous ceremony, it seems, and though in reality we live in a motionless realm, the News keeps spinning and I want off the ride. Perhaps there is still time to catch the fireflies. Until next time.

HASN'T the guy been double vaccinated already? No reason to spend a lot of time on this one. With Biden's impending dementia, he may have already forgotten about it, but who really knows? It is worth noting though that the day of announcement came on 7/21/2022. 7+21+20+22 equals 70. Go ahead and guess what else equals 70. I dare you too. No, really, I'm waiting. Do it. Guess. Coronavirus does. I Know. Ridiculous, right? And then we come to find out that they're putting him on Paxlovid.

As my boy, Jason123 put it, Paxlovid is a grand slam match with overdose. Perhaps we should retile this paper *fakery* by the numbers.

[8/17/2022]: Hot off the press. And *now* **Jill Biden** has the Rona. How many times did she sip from the juice cup, I wonder? *Oh*, I know, it would have been so much worse if she hadn't. The News was announced on **8/16/22**. **8+16+22 equals 46** and **46 equals virus** in one of the four main ciphers. In another cipher **26 equals virus**. Why the 26? I mentioned Joe Biden testing positive for the Big C on **July 21** and that was **26** days ago. As I was saying, Jill Biden came down with the symptoms on the 16th and **Jill equals 16**. August 16 also leaves another 137 days in the year. **Washington DC equals 137**.

Murder by the Numbers: The Death of Anne Heche?

08/22/2022

MY gut instinct was to say that Anne Heche really was dead. That opinion then changed to a hoax and, in the intervening days, has only continued to ping-pong. It doesn't really matter what I believe though, does it? What matters is the truth, and either Anne Heche slipped off the world stage, as so many others have done before her, or somebody from the campaign office dialed 'M' for Murder. There is always that one person in the room who likes to pretend they are the sound of reason and course correct the investigation when claiming accidents *do* happen. Sure, Joe Biden may take a face plant off his bicycle from time to time, but the numbers are all over the Heche car incident like ugly on an ape.

The date of Heche's car crash was **8/5/2022**, which is a Friday. **8+5+20+22 equals 55** and, surprise-surprise, so does **car crash**. Turns out, even the day of the week is important. **Friday equals 63** like the **63** in **Anne Heche**. Do you know what else equals **63**? They kept mentioning she was driving a **Mini Cooper** over and over again.

Another number they liked to throw out there is her age. She was **53** at the time of her death. I'll leave you this article link so that you can see they put her age in the title. [Anne Heche Dead at 53 \(tmz.com\)](https://www.tmz.com/2022/08/05/anne-heche-dead-at-53/) TMZ is the News source which alerted me to the Heche crash, by the way.

Anyways, Anne Heche was 53 and the city of Los Angeles where she crashed equals the *same*.

There is another connection worth noting, and it involves child trafficking. **Jacqueline R. Walorski** was an American politician and a Republican who served as the U.S. representative for Indiana's 2nd congressional district from 2013 until 2022. The date of her death was **8/3/2022**.

Death [edit]

On August 3, 2022, four people, including Walorski, were killed in a head-on collision between two cars near Nappanee, Indiana. The driver of the other vehicle and the two other people in Walorski's vehicle also died: her communications director, Emma Thomson, and her district director, Zachery Potts.^[63] Walorski was returning from a ribbon-cutting ceremony in Claypool, Indiana.^{[64][65]} It was initially reported that a northbound vehicle on State Road 19 veered left and collided head-on with Walorski's vehicle, which was southbound, but the police later retracted that statement, and said that Walorski's northbound car, driven by Potts, had crossed the center line for unknown reasons.^{[66][67]} The collision occurred near the intersection with State Road 119.^{[68][69][70]}

Here's what Wikipedia tells us. She was driving near the intersection of State Road 119 near Nappanee, Indiana, when a northbound vehicle veered left and collided head-on with Walorski, killing herself and two other passengers in the vehicle, communications director **Emma Thompson** and district director **Zachery Potts**. That was the initial report. The police later retracted their statement and said the northbound vehicle simply crossed the center line for unknown reasons, *hmmm*. Who made a phone call to the buttons? See, this is why I take screenshots of Wiki articles. They change their story all the time. In the past I have quoted them and then had to keep quoting them and quoting them, seeing as how they were retracting their statements to annul my own. I wouldn't

be surprised if they will altogether drop any mention of the original report. It will have to take the Mandela Effect to altar this one.

What her Wiki article failed to mention was the “**Human Trafficking prevention and recovery act of 2014**,” which Walorski sponsored. Intel may decide to add that little nugget of information in the coming weeks or months, if enough of us bring attention to their quote-unquote “oversight”. I just thought I’d highlight my excursion over there and *mum* was the word. It wasn’t just 2014 though. Walorski was working with ongoing investigations into trafficking.

Lifetime Greenlights Girl in Room 13 Starring Anne Heche and Larissa Dias

Carissa Pavlica at June 9, 2022 2:59 pm.

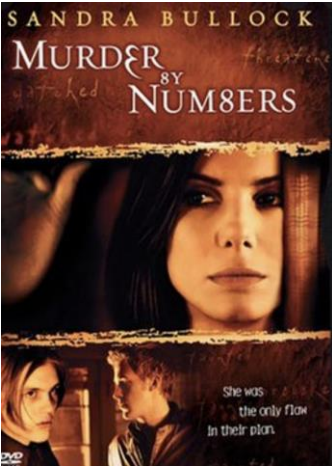

Lifetime is bringing awareness about the brutal business of human trafficking with an upcoming film starring Anne Heche and Larissa Dias.

Girl in Room 13 is inspired by actual events and will be directed by Elisabeth Rohm.

As part of a Stop Violence Against Women campaign, Lifetime will create a new PSA in support of the Polaris Project and the National Human Trafficking Hotline.

The movie which **Anne Heche** had already filmed had to do with child sex trafficking as well. ‘Girl in Room 13’ isn’t released yet, and there are fact-checking articles now claiming the movie has nothing to do with child sex trafficking in Pedo-Wood, but that’s not what these previews show. A June 9 article has the movie being part of **a Stop Violence Against Women** campaign, complete with a new PSA in support of the **Polaris Project** and the **National Human Trafficking Hotline**.

And so, riddle me this, Batman. What do Heche and Walorski have in common with **Chester Bennington**, **Halyna Hutchins**, **Anthony Bourdain**, and **Chris Cornell**?

Getting back to the Anne Heche numbers game. If you read about the New York City subway attack hoax, I make mention of the movie ‘Murder by Numbers.’ 38 was important to that movie, and I’ll tell you why. Anne Heche was killed or died or slipped off the world stage or whatever on 8/3, though it is written 3/8 internationally. Murder equals both 83 and 38. Unbelievable.

The woman who collided with Heche was named Edith Schmucker and she was 56 years old. 56 equals Society of Jesus, All seeing eye, and Freemasons. But then look at how her name is a match with Jackie Walorski. Walorski and Edith Schmucker both equal 147 and 231.

The numbers are all in place but what doesn't add up is her rescue footage. Have you watched it recently? I'll [link one](#) for you. None of the firemen are wearing medical gloves. There's no IV in her arm while she's being carted away and no oxygen being administered. I have the advantage of knowing EMT's and firefighters in my rotunda of readership and I was sure to ask them about it. What I have mentioned are all standard procedures for a victim. During transport, the head of a victim would never be covered. If anything, a trach tube probably would be inserted for assisted breathing before even being put on a gurney. Does Anne have one? No.

Another observation we all shared is the apparent fact that Heche was dropped into a body bag. Technically, we never see her face, so I am not sure if that is Anne Heche or Anne of Green Gables. Why would they plant her in one if she hadn't been pronounced dead yet? You will have to watch the footage again for yourself if you don't believe me. It's shot from high up, via helicopter, but you can see where it splits open when the woman sits up, seconds before she disappears into the ambulance. Probably wanted an oxygen mask, but no.

Some of her shirt has dark areas leading one to believe there are potential burns. Not that I'm saying there are burns, mind you. In any standard rescue scenario, no covering is to be put on a severe burn. What a medic would do is pour normal saline for irrigation and then let the hospital decide what to do. So, why is she laid on her back if there are burn marks on it? The car is totally burned yet she even has all her hair. I doubt it! You will tell me the photo shows her on her stomach. Well then, watch the video footage again. It looks to me like a murder victim tried to leap up and skedaddle for her life.

[9/5/2022]: THE fakery keeps pouring in. They really should have left the story as it is, discovered some new dig in Mar-o-Lago, because now we've come to learn that Anne Heche was trapped in the burning home for a whopping 45 minutes while firefighters attempted to retrieve her. Are they being serious? You will notice how they said home rather than car. Yes, she was trapped in another person's home by technicality, but that is only because she drove into it. So, she was both in the home and the car. The firefighters were incapable of hauling her out because of the fire. Have you seen a photo of the car? She would have been a roasted marshmallow, and in less than 10 minutes time, not 45. Regardless, the flames were incapable of touching her. The smoke inhalation alone should have brought about asphyxiation and done her in.

Oh, and one other thing I missed. Did you happen to see the number on the ambulance which they hauled her off in? 63. I probably missed tons of tidbits in this hoax scenario but overlooking the number on the ambulance is a mistake for rookies. It's the number of her name. Anne Heche. They were marking her exit vehicle.]

[9/8/2022: While watching the footage again, I find myself faced with another highly improbable fact, and I'll tell you what it is. I have taken a screenshot to show my talking point. Just before the fire department slips Heche into the ambulance, you can see three straps around the white bag which shrouds her. The first is secured for the ankles. The second for the waist. The third around the shoulder area. I have never ridden in an ambulance before, but I would imagine the ride can be a little wild from time to time. You figure any sensible paramedic should hope to deliver the goods to the hospital in working order. And so, all three straps are

standard attire and adequately tightened to keep the patient from falling off the gurney.

What I'm trying to figure out is how Anne Heche was even capable of sitting up to begin with. She shouldn't have. Had these firefighters done their job, Heche would have been secured to the gurney for the remainder of her journey, but no. The shoulder strap came right off. You can even see the moment it happens. They sever apart as though she were cutting through butter, and she is capable of sitting up. How embarrassing for

any fire department to have to wait 45 minutes to rescue someone from a burning vehicle only to have them escape from the gurney, unsinged.]

Skull and Bones: A Tribute to Fleetwood Mac's Christine McVie

12/2/2022

HAS it really been three months since commenting upon the math rituals? *It has*. How time flies when I'm holding a baby girl. But also, the yoke was so in our face with the Anne Heche scenario that not even the Queen of England's passing was able to produce a superior omelet. I feel out of shape already and am capable of producing a leg cramp if proceeding without caution. Best to start somewhere, *anywhere*, because much has happened on the motionless realm. And anyways, **Jason123** my numbers supplier was kind enough to drop a few lines into my mailbox regarding the recent death of **Fleetwood Mac's Christine McVie**.

The tabloids are all reporting that McVie died at **79**. We've been over this before and **Murder equals 79** in a **Simple English Gematria**. The day of her passing was **11/30/2022** and **11+30+20+22** equals **83**. **Murder again** in a **Reverse Ordinal**. 11/30 by the way happens to be the anniversary of **George H.W. And so, look at what **Skull and Bones** and **Fleetwood Mac** both *equal*. That's right. **202**.

From Elizabeth To Charles: A New World Order Numbers Ritual

THE moment Jason123 read my **Queen Elizabeth II** *quip* in the Fleetwood Mac article he knew I was in need of some serious pointers. The numbers are not only mind blowing this time around they appear to demonstrate that something large is beyond the horizon, as equations go. This information is not my own nor is it simply 123's. A large swath of Gematria investigators have been breaking the information down, and so, I'm quite certain now that I shan't even come close to covering it all. Let's give the pen and ink the old college try anyhow, shall we?

When it is the Controllers being dealt with, the fact that numbers play a behemoth part in the operation should be self-evident by this point. The Queen waved farewell to the world stage on **9/8/2022**, but if we dial the Gregorian calendar a dozen or more weeks back, specifically to **5/6/2022**, we have **Piers Morgan** broadcasting to world: "the beginning of the **'end'** of a truly golden age" had arrived for the queen. View [the link](#) for yourself if you don't believe me. Why did Piers pick that day of all dates? I included

'end' between an added padding of quotes because **End** and **Dead** both equal **14**. It may have been coded. Who really knows when she died?

The date of his announcement though. The number **56** revolves around the royal family like the Copernican Revolution around sun worship. Her dad **King George VI** died at the age of **56**, and Super Bowl **LVI** took place in 2022. *Whoop-de-doo*, right? **Cincinnati** lost to the Los Angeles Rams. Still not seeing it? Cincinnati is the **Queen City**. I normally wouldn't give a rat's ass about football except for the insanely Occult nature of its ceremonies, and this time around, Super Bowl LVI was all about the Queen. It opened with a [moment of silence](#) for Elizabeth.

Entry	Reduction
Society of Jesus	56

Royal Family	56

And *now*, fun with words. **Royal Family** equals **56**, as does **Society of Jesus** and **Coronavirus**, and what does Coronavirus mean again but *crown*? Hold that thought. I'll return to 5/6 in a few moments, because the date 5/6 can also be written 6/5, like 65. **United Kingdom** equals **65**.

Following Piers Morgan's message, somebody had the *bright* idea of lighting up Stonehenge on **5/30/2022**. How adorable. May 30 was the 150th day of the year. **Illuminati** equals **150**. The Media made a big deal about it on the following day, **May 31**. Seeing as how her birthday is on **April 21**, May 31 marked the 41st day of her dying age. Why am I not surprised to learn that **Stonehenge** equals **41**?

Her platinum Jubilee occurred on June 2, or **6/2**, or **2/6**. **Platinum Jubilee**, **Sacrifice**, **Queen**, and **Stone** all equal **62**.

96 was her age of death by the way. I'm starting to get the feeling that the Coronavirus planned-demic was somehow a sick and sadistic hats off to her, the ruling lizard queen, because the number is connected to Elizabeth's COVID-19 grape juice prick in 2021 and her subsequent diagnosis to follow. **Corona** equals **96**, and as you know by now, Corona is Latin for "crown." Following her death, the "virus" was passed down to her firstborn son, **Charles III**, and we're all about to witness the ceremony.

Another event I've repeatedly referred to is **Event 201**, which transpired in October of 2019, and was conveniently held to simulate the global response to a potential coronavirus pandemic, as if that's not suspicious. It happened on **11/18**, the exact *same* day as the **Military World Games** in **Wuhan**, China, apparently. *Oh sigh*. I've got enough sighs to beep-beep-beep my way through this as I back up each load of the drum truck. Are you ready for the next ones? *Here* it goes. The Queen died a span of **201** **days** after News of her COVID diagnosis. The vaccine was first administered on **12/14**. That's the date of the solar eclipse.

Day of Year: (Apr-21) = **111**

It was reported that she died at 6:30pm, UK time. 18 hours multiplied by 60 minutes equals 1080. Include the additional 30 minutes and we end up with **1110**. Remove the zero and you get the **111**. **Mandatory** and **Vaccination** both equal **111**. But as you can tell, the Queen was born on the **111th** day of the year.

Getting back to the 201. When you write out the digits "Two zero one," the sum is **156**. The Queen died at **1156** months old. The **156th Prime number** is **911**, a familiar trio of digits. **9/11** falls a span of **156** days after the anniversary of **Prince Philip's** death. But then the Queen died **1056** days after **Event 201**, giving us the 156 number, and a clean **911** days after the **World Health Organization** declared a global pandemic.

Event 201 took place on a date with 67 numerologies. **(10) + (18) + (20) + (19) = 67**. Well, **COVID Nineteen** and **Two hundred one** both equal **67**. So, more on the 67. The Queen died **607** days after receiving her

COVID Nineteen vaccine. Close but no cigar? Always remember that you can remove zeroes in gematria to figure out the riddles. 607 can become **67**. Also, **607** is the **111th Prime number**, and we've already been over that one. **Charles III** becomes the new king **67** days before his birthday. **67** is the **19th Prime number**, whereas the supposed disease everyone is deathly afraid of is called **COVID-19**. Both she and Philip both received vaccinations on **1/9**, and I'm not finished yet. **Queen equals 19**.

The funeral for Queen Elizabeth was **11 days** after her death, and just check out that Masonic floor why don't you? The date was **September 19, 2022**, precisely **56** days before Charles III 74th birthday. November 14, 2022. Remember now, **56 equals Society of Jesus, All seeing eye, and Freemasons**. There's your checkerboard. **56** also equals **Civil War**, and **Charles I** was king during the English Civil War.

Remember I told you not to forget that King Charles is expected to be coronated on 56 numerology. **5/6/2023**. And the last king of England's death was at **56** years of age. On closing, there are other numbers attached to his coronation. **Coronation** is one of them. It equals **56**. I know, ridiculous. Save the date because it will be his **174th day** of being **74** years old. And do you know what else equals **174**? **New World Order** and **Number of the Beast**.

Cheers Kirstie Alley

SCIENTOLOGY brought her to fame and in later years weight loss was her game. **Kirstie Alley**. We're still in 2022 and lots of celebrities have been dying off it seems, though perhaps not more typical than any other year. Well, the tabloids have been reporting on her passing and we must remember how the powers that own Hollywood are into all kinds of sick and sadistic sacrifices. She got cancer quite suddenly, you know. **38** has been an often-revisited pair of digits around here seeing as how it's one of the murder numbers. **Death**, **Killing**, **Murder**, and **RIP** all equal **38** in one cypher or another. Would it also surprise you then to learn that Kirstie Alley died **380 months** after the debut of *Cheers*, which she starred in, and another **38 days** before her birthday?

Her *first* movie role was in 'Star Trek II: The Wrath of Khan'. You figure that has something to do with **Gene Roddenberry** *also* being a **scientologist**. Roddenberry of course has ties to **L. Ron Hubbard**, founder of the made-up religion, who in turn is attached to the hip with **Jack Parsons** and ultimately **Aleister Crowley**. I could say something poetic to the effect of: "Oh, the tangled web we weave," except that they were obviously spooks, every last one of them. It was in Star Trek that

Alley played Lieutenant Saavik. **Lieutenant Saavik** equals **184**. Star Trek II released on the date **6/4**. Her death to that release date was **184 days**.

[12/8/2022 **UPDATE**: A solid reason as to why Kirstie Alley contracted cancer when she did may have something to do with her stance against pedophilia. Particularly since she made such a point of telling people that it will soon become the new norm. I will remind you that her day of death was **12/5/2022**. **12+5+20+22** equals **59**. And then look at what **pedophilia** spells out.]

The Fake Russo-Ukrainian War

THEY did it. They actually went and did it. They went and pushed the button, the BIG RED BUTTON, and then convinced the vaccine people to follow their News cameras into the neighborhood of make-believe. I knew the Russo-Ukrainian War or whatever Illuminati history books will call it was a fake one but **TIME** naming **Volodymyr Zelenskyy**, the **comedian** who *became* Ukraine's president, "**PERSON OF THE YEAR**" was a little over the top, wouldn't you agree? Yes, you heard me right the first time. The Russo-Ukrainian War. All staged. All ritual. Also, Zelenskyy is a **Joo** and an actor with an **IMDb** [resume](#) to show for it.

Some of my readers were onto their schemes before the curtains even opened on this stage production. **Jason123** was one of them. I will remind you that he is not me nor am I him and I have never met him in person, but we are in contact from time to time. The War officially started on 2/20/2022 but he was telling me he'd called it on **1/19/2022** when, out of nowhere, **Boris Johnson** announced that the UK was dropping COVID-19 restrictions and that they would come to an end on **1/27/2022**. I will have to check with his wife to see if this part is true but

he claims to have turned to her and said, “They are planning a war.” Why must my numbers guy be right so often?

As I was saying, COVID-19 restrictions dropped on 1/19. In the UK though, they write the date as 19/1. So, right there we have 191. And look what 191 equals? Society of Jesus. There’s your Jesuit connection. Also, Jesuit equals 42 in a reverse reduction and the date 1+19+22 has 42 written all over it.

Order out of Chaos	222	78

The announcement from Boris Johnson, that the restrictions would end on 1/27/2022, came 222 days after his June 19th birthday. And so, this is where 222 fits into the picture. Order out of chaos equals 222 but then so does World Economic Forum and Wuhan coronavirus.

Even more ridiculous is the speech which President **Joe Biden** gave addressing the Ukraine situation on **2/22/2022**. There is your **222** number again. He was supposed to give his remarks at 1 PM, but that is not how it went down. No, Biden started speaking at precisely **2:22 PM**. You've got to be kidding me. What a joke. His speech was **1 hour and 22 minutes** late. **Jesus Hominum Salvator**, a **Jesuit** saying, equals **122**. *Unbelievable*. But if that's not enough, the yoke was in our faces on Pearl Harbor Day. Biden met with **Vladimir Putin** on **12/7/2022**. From that day to **2/22/22** is **78** days. **Order out of chaos** all over again. It's a double cipher match.

Try not to forget that from **9/11/2001** to the WHO declaring their magic fairy dust pandemic on **3/11/2020** was **222** months. I bet you didn't think September 11 would come into this, but it *does*. It's difficult attempting to quantify the significance of **222** but the Number is a favorite of those sick psychos playing make-believe on the Television. **9/11** was on a **Tuesday** and so was **2/22/2022**. And **2/22/2022** to the anniversary of **9/11** in 2022 was a grand total of **201 days**. That's another number which we should never forget. **201**. I've been over that repeatedly with **Event 201**,

the **Bill Gates** sponsored *mock* planned-demic before the actual stage show began, but it also equals **Society of Jesus**.

Here's some other 201's that play into this. September 11 is in **Virgo** and Virgo is ruled by **Mercury**, and the Atomic Mass of mercury is **201**. Mercury is the elohiyim of **trickery** just like Jesuitism, so you know our Controllers are capitalizing on that one whenever possible. **Roman Mythology** equals **201**, as does **Order of Illuminati** and **The Jesuit Order**. This much is review. Let's go over them again anyways, seeing as how the voting record testifies to our memory. **Ignatius of Loyola**, the first **Jesuit**, as well as **Jorge Mario Bergoglio**, the first **Jesuit Pope**, also equal **201**.

The discussion between Biden and Putin on December 7, 2021, lasted **2 hours and 1 minute**. You could write that **2:01**. Are they joking? Their meeting occurred 201-days after the Society of Jesus celebrated the beginning of an **Ignatian Year**, which was on **May 20, 2021**. Apparently, it's the day in history when their boy **Ignatius of Loyola** was shot with a cannonball.

From **Fri Dec 17 2021** to **Tue Feb 22 2022** is:
68 Days

Pope Francis's birthday is on **12/17**. 2/22/2022 would mark the **68th day** of his present age. **68** is another number. The 9/11 plan went into motion in **1968**. That wasn't simply the beginning of the World Trade Center construction though. It was also the beginning of the **911 emergency**

dialing code. But then smoke on this why don't you? **George W. Bush** graduated from Yale with a class of **911** members. **68** also equals **Terror** and **Catholicism**.

So now, with Pearl Harbor Day, the stage was set for a “theater of war.” Get it? Initially, a lot of people in the Gematria community were saying we would see an actual Pearl Harbor connection. The connection we got was even more hands in the face action though. Follow the happy bunny trail. The Nazis were allied with the Japanese during World War 2. The Nazi party was founded on **2/24**/1920. Well, it was on **2/24**/2022 that Putin announced the Russkies would be taking military action on the Donbas region of neighboring Ukraine, and as we all hopefully know, Ukraine is run by a lot of Nazis. Close but no cigar, you will tell me, as we’re looking at the 102nd anniversary rather than the 100th. *Oh*, is it now? Let’s keep charging ahead then.

From **Tue Feb 24 1920** to **Thu Feb 24 2022** is:

Another thing about the 2/24 date is that it's the 55th day of the year. 55 equals both **Invade** and **Military**. Are you seeing the Number rituals now? Tell me if you don't because there's more. **201** again. **Russian invasion** and **Donbas Region** equals the same thing.

And of course, the stock market had to be talked about on that day too. The bear showed up. On **CNN**, they flashed the stock market down **201 points** just to see who was paying attention. They were sending us their calling card. Letting us know who was in control. **The Jesuit Order** and **Order of Illuminati** both equal **201**.

I guess we can end by noting the tiresome World War 3 talk, wherein they were milking the tits out of the Nuke psyop. World War 1 and World War 2 had already been rigged with 68 numerologies, and as I already pointed out, 68 was the year in which the 9/11 plan went into action. And so, why am I not surprised to see what the start of the Russo-Ukraine War adds up to?

[12/12/2022 **UPDATE:** *Wait*, what is this? That's Zelensky, alright. Looks like he's at home in the office, which is to say the sound stage. What do you suppose is going on in the distance? Are there bombs going

off? Perhaps we are expected to imagine a pillar of smoke. I'm sure there's nothing to see here. We're probably just staring in upon his person of the year TIME photoshoot. The great thing about a greenscreen is that you can insert the magazine cover devil horns in afterwards.]

[12/22/2022 **UPDATE**: Tell me what the bigger joke is. A comedian visiting the White House over War business or being told that his visit was a surprise one. Jason123 tells me he almost spit his coffee out all over his computer screen this morning, and probably the keyboard, when he saw how they were reporting Zelensky's arrival. Mostly because of the Numbers. Biden and Zelensky being painted as BFF's is ridiculous, but we'll let that obvious plot point slide.

From **Tue Jan 25 2022** to **Tue Dec 20 2022** is:
47 Weeks

The only legitimate attraction in all of this is the love the Kabbalah people have for the number **47**. It's all planned theater and here is why. The Media announced Zelensky's "surprise" visit on **12/20/2022**. His last visit to the US was on **1/25/2022**. I have already shown you the math. That is exactly **47 weeks**. Surprise, surprise. Get ready for even more 47's.

Ukraine, Government, DC, Authority, Vatican, President, White House, Democrat, and Republican all equal 47.

The ritual doesn't end there, as usual. Zelensky is asking for more patriot missiles. Look up these News [articles](#), [articles](#), [articles](#) if you don't believe me. **Patriot missiles equals 201**. If there's any number they're besties with more than 47, it's that one.

I'm obviously not sure where this is going but it's all planned theater. I probably mentioned this a long time ago, but do you remember when President Trump kept saying: "I have done more in **47 weeks** than Joe Biden has done in **47 years**"? What do you suppose they have in store for the 47 number?]

Get yourself a girl that looks at you the way Kamala Harris and Nancy Pelosi look at Zelensky.

The Final Vanishing Act of DJ tWitch

12/22/2022

NO, that is not a typo. His name was **tWitch** as in 'witch'. The DJ from the **Ellen DeGeneres** show. I've never heard of him before, but the spelling makes a whole lot of sense now that the Media has let me in on it. Did he exit the world stage or was he suicided? I will remind you that **Anne Heche** was closely associated with the Ellen narrative. Once can be argued a coincidence. With twice we are seeing a pattern.

He died on **12/13/2022**, **322 days** after Ellen's *last* **birthday**. Can anybody say **Skull and Bones**? He died **44 days** before Ellen's *next* birthday and **kill equals 44**. It was **291 days** before his **birthday** though, which is only slightly odd since **Ellen DeGeneres Show equals 291** in the

purest cypher. 291 days makes for **41 weeks**, and **Los Angeles, CA** where he died *equals* the same. **41. DJ equals 40** and tWitch was **40. DJ tWitch equals 119**, as does **All Seeing Eye**, and **suicide**. These people are sick and brazen about it.

From **Thu May 26 2022** to **Tue Dec 13 2022** is:
201 Days

B l o o d s a c r i f i c e

Also, I had absolutely no clue that the last day that the Ellen Show aired was on **5/26/2022**. Just goes to show what I miss when I don't give two hoots about their daily dosages of sugar. It makes the medicine go down you know. From the day to his stage exit was exactly **201 days**. *Ammm*, hell nah. I *checked*. The show had a total of **3,294** episodes. That's just **6**-short of the Big Time. And here is where Anne Heche comes in. Their so-called deaths were precisely **121 days** apart. **Blood sacrifice** adds up to the *same* thing.

Less than 24 hours before tWitch was found dead, Degeneres tweeted this video segment from her show where Zach Braff discusses a fake news story that claimed he died on Dec 12.

As a reminder, the set of Ellen looked a lot like **Epstein Island**. I'm not the only one to have made that observation. What sort of message do you suppose the people over at Warner Brothers were sending? Curiously, less than 24 hours before tWitch was found dead, DeGeneres tweeted a video segment from her show where **Zach Braff** discussed a fake News story

claiming that he had died. Looks to me like she's sending out Intel messages to her friends who haven't learned the Numbers Game quite yet.

The Ceremony By the Numbers New Year's Edition: 2023 Predictions

12/30/2022

I will remind you that I am not a crystal ball, thank Yah, nor do I intend to use *fun with math* as a tool for fortune telling. Some of the normies have begun to catch onto the operation and have demanded that I put my money where my mouth is so that I can play the fool and they can return to their regularly scheduled program. It doesn't work like that. I could organize some numbers and show you the possibilities, but in the end, it is the Kabbalah people who write the scripts and hire the players. I'm just here trying to keep up with each passing season. I wish the show would be canceled altogether but there's far too many normies hinged to the narrative and they know it. If you happen to be reading this and have come to terms with the fact that your entire perceived reality is filmed on

a movie set, then you are the cram of the crop. *Welcome*. I have some 2023 Numbers for you.

Nobody knows how **Bill Cosby** will play into it. He is somebody I've been wanting to write about recently and just the other day, when asked if he would return to touring in **2023** by WGH Talk, he answered with an enthusiastic *yes*. That tells us his part in the movie isn't finished quite yet. There is no telling what psyops they will dust off on the shelf and revisit or which will be given the reboot treatment in this multiverse of madness but one thing that seems certain in all of this is that the year will be sponsored by the same people who brought us 2020 and *also* 2001, another favorite of theirs.

Entry	Ordinal
The synagogue of satan	223

Entry	Reduction
High Frequency Active Auroral Research Program	223

The first thing you need to know is that the zeroes can be taken out in the ciphers. When you do that with **2023**, you get **223**, *equaling* **the synagogue of satan**. **Philadelphia** *equals* the same number. I'm not saying the curtain is going up on the city of brotherly love but it's worth mentioning, particularly since the two I have so far mentioned connects us with Revelation. A notable **223** *is* **Zurich, Switzerland**, where the Elite like to rule from. **Novel Coronavirus** *is* another one and I'm sure we haven't heard the end of that story yet. But then here is something else you should look out for. **Natural disaster** *equals* 223, but then so does **High Frequency Active Auroral Research Program** which, as you probably know, is an acronym for **HAARP**.

Jason123 as you well know is the one most often feeding me this information and he states he is not a fan of reading numbers backwards. Though he adds, there is definitely some validity to it. So again, take out the zero and **2023** backwards is the **322** Number. **Skull and Bones**. It's not merely a coincidence this time, despite what you may have claimed

about the others. Do the math. 2023 is $20+23=43$. In any given year there are 365 days and 43 days into the Gregorian leaves 322 remaining. The same thing happens at the end of the year as well. 322 days into the year leaves 43. The math checks out. Skull and Bones equals 322 in a 43 year. 43 also equals Yale, by the way, the hollowed grounds where the Skull and Bones club was founded. And so, in the very least I think we know who will be putting the commercials out.

The state of Florida equals 43. So, keep a look out to what they're brewing down that way in the narrative. Then again, so does the Roman Catholic Jesus Christ. Freemasons crop up again as does pandemic. I wish I could jump into a time machine and visit a year when the synagogue of Satan card holders wasn't writing the News, but I will sleep much more comfortably at night knowing the Truth rather than living in ignorance and I know you will too.

Kevin McCarthy: Speaker of the House By the Numbers

1/9/2022

WE will all be getting to know **Kevin McCarthy** a whole lot better in the coming months. [The News](#) is telling us the California Republican was elected House Speaker in the early hours of Saturday morning and it's all by the Numbers. Some of you may recall the rumors swirling around regarding McCarthy and how he would be Speaker with Trump. That didn't happen. It's why I'm thinking this all may have something to do with Trump still. Well, anyways, McCarthy is the winner, and the Numbers are in.

A link to one Media article was dropped several sentences ago. It will take you to Reuters. And look at what they're saying. The **57**-year-old

Californian suffered one final humiliation when Representative **Matt Gaetz** withheld his vote on the 14th ballot as midnight approached, prompting a scuffle in which fellow Republican Mike Rogers had to be physically pulled away. But then something happened. He won with the 15th ballot, totaling **216 votes**, ending what we are told is the deepest congressional dysfunction since the American Civil War.

I have already given you a few Numbers to consider, the tie-in being **666**. For example, **6x6x6 equals 216**. His first day as speaker is *today* of all dates. Do the math. **1-9-23** is exactly **666 days** before the next presidential election for the **47th U.S. president**. And Donald “The Tangerine Tornado” Trump is running. **47** is the **15th prime** number, as in the 15th vote. But also, **47** is one of the big numbers in Washington DC. **DC**, **Republican**, **Democrat**, **Government**, **Authority**, **President**, and **White House** all equal **47**.

The very name McCarthy reminds us of McCarthyism. The dude wreaking havoc and having people discover communists in their soup during the 1950’s. **Joseph McCarthy** died in **1957**, which is precisely McCarthy’s age now if you recall. Other fun facts have four of the first four presidents being inaugurated at **57**. **Scottish Rite** and **Georgetown** both *equal* **57**.

I can’t help but wonder if we’re in for some sort of controversy with Kevin McCarthy or scandal. I will remind you that the vote took place in the early morning hours of **1/7/2023**, and why is that? **1+7+20+23 equals 51** and **51 equals conspiracy**.
