

The Alec Baldwin Movie Set Shooting *Was* a Bruce and Brandon Lee Tribute

By Noel Joshua Hadley

9/5/2022

SOMETIMES the world stage producers film a movie within another movie. There is a name for that. An **embedded narrative** is a literary device in which a character within a story becomes the narrator of a second story within the first. In the case that you should desire an example, I am about to give you one. On the set of the ‘Rust’ movie, the first assistant director yelled: “Action!” Too soon? A gun was raised, presumably in **actor Alec Baldwin**’s hand. And then, quite suddenly, a shot rang out. The story *within* the story is far from over, as of this writing, but here is the gist of its beginnings. Ukrainian cinematographer **Halyna Hutchins** fell over dead. Try not to forget the part where it happened on a movie set.

We are told the prop gun, an antique Colt .45 revolver, is responsible for the killing, and that a single discharge also shot director **Joel Souza**. Baldwin has since questioned how a live bullet could end up in a prop gun when a bullet wasn't even supposed to be on the western movie set. Was Hutchins murdered or are we dealing with another elaborate hoax? Either way, the reality here is that we are banqueted with another ceremony by the numbers. There are others who have dug into this, and as always, I have Jason123 relaying much of the information, and so, here is what I can tell you. It appears from what everyone has gathered that the Rust movie set shooting has a lot to do with **Bruce Lee** and **Brandon Lee**. Consider it a tribute to them.

Word or Phrase	English Ordinal	Full Reduction
Order of Illuminati	201	93

So anyways, here it goes. The incident happened on **October 21, 2021**. **201 days** after Alec Baldwin's **birthday**. **201** is a familiar number around these parts and equals **Jesuit Order**, as well as **Order of Illuminati**. Bruce Lee's last film was 'Game of Death', wherein he was shot and killed as part of the plot, and it happened with a prop gun. He died for real on **July 20, 1973**, the **201st day** of the year. I have told you about this date before. It was the occasion of the Apollo 11 moon landing.

Simple English Gematria (Ordinal Gematria)	78 / 6
Rust	78 / 6

The movie **'Rust'** equals **78**. Well, so does **Jesuit**. And so, check this out. Brandon Lee was actually killed on the set of *The Crow* when a prop pistol fired a bullet into the abdomen. The date of the shooting was **March 31, 1993**. The person who discharged the weapon was **Micheal Groo Masse**, and his name adds up to **78**.

"Harland Rust" = 71 (Reverse Full Reduction)

H	a	r	l	a	n	d	41	R	u	s	t	30	71
1	8	9	6	8	4	5		9	6	8	7		

"Halyna Hutchins" = 71 (Reverse Full Reduction)

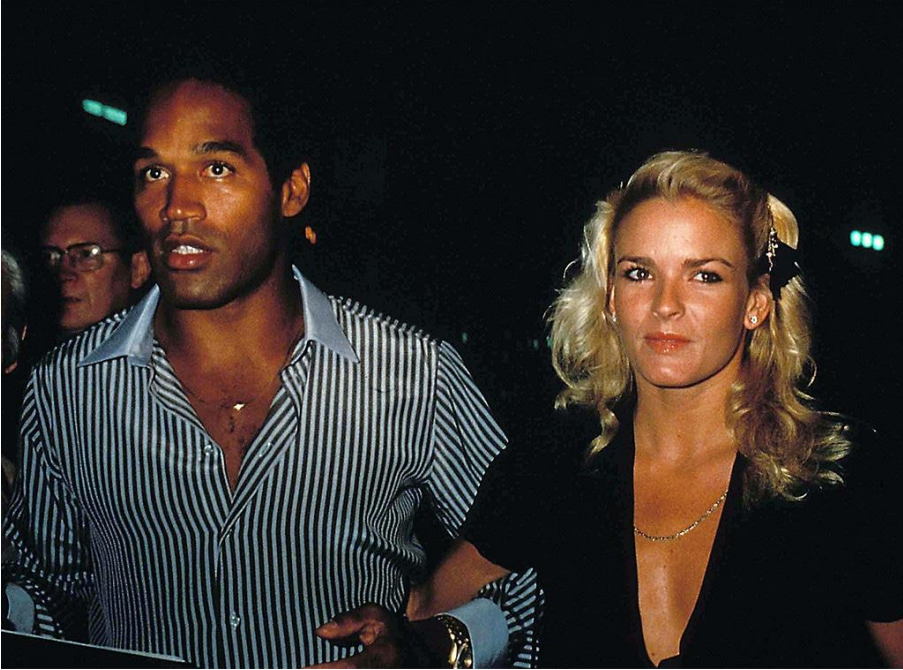

H	a	l	y	n	a	29	H	u	t	c	h	i	n	s	42	71
1	8	6	2	4	8		1	6	7	6	1	9	4	8		

'Rust' of course is a nod to Alec Baldwin's character, Harland Rust. **Harland Rust** equals **71**, as does **Halyna Hutchins**. Go figure. Baldwin's "accident" happened on the date leaving **71** days in the year, but then the connections don't end there. **Bruce Lee** equals **71**. And do you know what else equals **71**? **Catholic**. They're a grand slam match, 4 out of 4 ciphers. Bruce Lee was Catholic. As it turns out, Alec Baldwin is *also* Catholic.

And finally, Brandon Lee was buried on **April 3, 1993**. That's the **93rd day** of the year. You might want to check who was born on the very day. If not, that's okay. I will do it for you. **April 3** is **Alec Baldwin's birthday**.

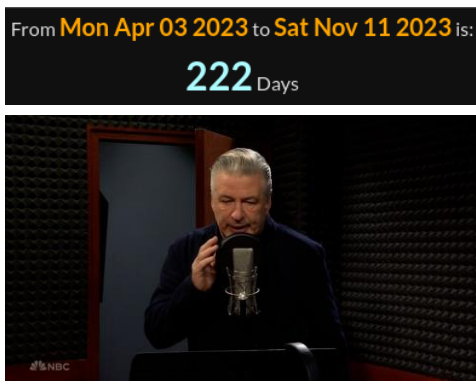

[UPDATE 1/29/24: EVERY so often I get asked the question by the Conspiracy Lightweights why somebody like **Chris Rock** would fake getting slapped by **Will Smith**, and on **stage** at an **actor's awards show** of all places, especially if Smith's career were hurt as a result of his actions. [Slapping Chris Rock](#). The same can be said for the 'Rust' **movie set**. I get asked that question to from time to time. Why the hell would Alec Baldwin play a role requiring he take a dump over his own career? The

simplest and most obvious answer is that he didn't have a choice. Apparently, lots of red pill newbies are still struggling with the ultimate consequences resulting from one who sells his soul to the Prince of Darkness for fortune and glory. Sometimes he dials you up and calls in a return favor.

Which reminds me, has anybody been watching **Nicole Brown Simpson**'s performance on the television as of late? She's got her very own talk show, you know. It's called 'The **Megyn Kelly** Show'. Tell me

that's not Nicole Brown Simpson, I dare you. The murder of Nicole Brown Simpson and **Ron Goldman** was **OJ Simpson**'s greatest starring role to date. It happened like this. One day, Satan dialed OJ's number up from some sacristy in the Vatican and told his boy that he had another performance to give but that it would also require squeezing the last of the juice from the carton. Nicole Brown Simpson had already done her time. Now it was her turn to rise like a phoenix from the ashes of the writer's room. There, I just saved you the trouble of watching over 800 hours of murder trial footage. I was glued to the television in **1995** so that you wouldn't have to.

There's been a great deal of stage acting since I last covered the 'Rust' incident. So much catching up to do, but where to start? There's Alec Baldwin's surprise return to SNL, for one. Look it up for yourself. He made an appearance on the **November 11, 2023**, episode, **222** days after his **birthday**. Remember now, his birthday boy was born on **April 3**, and the Rust shooting went down **201 days** afterwards. I already went over those numbers. But then the 222 should be just as familiar to you. **Order Out of Chaos equals 222**. And do you want to know what else **equals 222**? **As Above So Below**.

Included in Baldwin's past appearances on the show were his portrayals of **Donald Trump**, and so, get this. His latest appearance on **November 11** left **50 days** in the year. **America** and **Donald** both **equal 50**. I'd say this was all a coincidence but then you'd know I'd been suicided and taken over by an AI bot or a clone. Nope, not a coincidence. It's all undoubtedly a ceremony.

191
43rd Prime!

"Society of Jesus" = 191 (Ordinal)
 S o c i e t y 96 o f 21 J e s u s 74 191
 19 15 3 9 5 20 25 15 6 10 5 19 21 19

Another event that I missed out on was Baldwin's being charged with involuntary manslaughter on 1/19/2023. Remember that date, particularly the 1 and the 19. The same date can be written internationally as 19/1, which gives you one of the most important ceremony numbers of all. 191 equals Society of Jesus.

"Baldwin" = 43 (Reverse Reduction)
 B a l d w i n 43
 7 8 6 5 4 9 4

"freemasons" = 43 (Reduction)
 f r e e m a s o n s 43
 6 9 5 5 4 1 1 6 5 1

191 is the 43rd prime number. Very clever, the Freemasons were trying to be slick with that one. They thought they could leave behind their calling card while simultaneously pulling a fast one on us. Cute. Freemasons equal 43. And guess what Baldwin equals? Yup, a reverse reduction gives us 43.

Entry	Ordinal	Reverse
kill	44	64

"shooting" = 44 (Reduction)
 s h o o t i n g 44
 1 8 6 6 2 9 5 7

Hang with me because I'm not through yet. What are the odds that a grand jury would indict him on the same date, one year later? 1/19/2024. Gotta keep the numbers running properly, for this ritual, in the very least. Or maybe they thought I'd given up. Either way, everything that I've already covered above is still applicable under the 191 umbrella, except

that it's even more ridiculous on this carousel rotation. Take another closer look at 1/19/2024. Pull out the calculator if need be and add them up. $1+19+24$ equals 44 whereas $1+19+20+24$ equals 64, a double whammy! That is otherwise known as a 44/64 date because both 44 and 64 equal kill. And of course, to bring us around full circle, shooting, as in the Alec Baldwin Rust movie set shooting, equals 44.
